

WE ARE YOUR ADVOCATE

The food industry is one of the most highly regulated industries in Minnesota. Legislative changes have tremendous impact on the marketplace. These priority issue areas are topics that will be discussed at the Minnesota legislature that significantly affect the food industry of Minnesota – from farm to fork. The MGA Government Affairs team is your greatest resource when changes to these issues are being considered. The MGA supports policies that strive to ensure Minnesotans have abundant choices available to keep their baskets safe, healthy, cost-effective, and full.
